JOB NOTIFICATION

Notification No. AMSH/HR/REC/BB/01/2026 | Date: 27.10.2026

Medical Officer - Blood Centre (Specialist) · Vacancies: 1

Alagappa Multispeciality Hospital, Karaikudi, is establishing a licensed Blood Centre. Applications are invited from qualified and committed candidates for the above full-time position.

Department	Blood Centre / Transfusion Medicine
Reports to	Medical Superintendent / Dean
Qualification	M.D. Pathology, or Post Graduate Degree in Transfusion Medicine
Experience	Experience in blood banking / transfusion services preferred
Registration	Valid TNMC / NMC registration (mandatory)
Employment	Full-time · Consolidated salary
Vacancies	1

Purpose of the Role

To lead the Blood Centre as the responsible medical officer, ensuring that blood collection, testing, processing, storage and issue are safe and fully compliant with the Drugs and Cosmetics Rules, NBTC guidelines and NABH standards.

Key Responsibilities

- Act as the Medical Officer in-charge of the Blood Centre for licensing and regulatory purposes.
- Supervise donor selection, counselling, phlebotomy and post-donation care; manage adverse donor reactions.
- Oversee blood grouping, cross-matching, antibody screening and mandatory TTI screening (HIV, HBV, HCV, syphilis, malaria).
- Supervise component preparation, storage, inventory and cold-chain management.
- Authorise issue of blood and components; advise clinicians on appropriate transfusion practice.
- Investigate transfusion reactions and run haemovigilance reporting.
- Implement internal quality control, EQAS participation and equipment calibration schedules.
- Prepare and maintain SOPs, registers and records required for licence inspection.
- Coordinate with State and Central Drug Inspectors during inspection and licence renewal.
- Organise voluntary blood donation camps and promote donor awareness.
- Train and supervise Medical Officers, technicians, nurses and counsellors in the Blood Centre.
- Support the Hospital Transfusion Committee and NABH accreditation activities.

Skills & Attributes

- Sound knowledge of immunohaematology and transfusion medicine
- Familiarity with Drugs and Cosmetics Rules (Schedule F, Part XII-B) and NBTC guidelines
- Leadership, documentation discipline and audit readiness

General Conditions

- Qualification and experience must meet Schedule F, Part XII-B of the Drugs and Cosmetics Rules, 1945 (as amended).
- Valid registration with the Tamil Nadu Medical Council / National Medical Commission is mandatory.
- The selected candidate will be named as licensed technical staff in the Blood Centre licence application and must be willing to remain in service through the licensing and inspection process.
- Remuneration: consolidated salary, commensurate with qualification and experience.

- Place of posting: Alagappa Multispeciality Hospital, Karaikudi.
- Shortlisted candidates will be called for interview. The management's decision on selection is final.
